Racine Correctional Institution Food Production Facility

Sturtevant, Wisconsin

- 20,000 square foot facility houses a complete food production facility capable of serving more than 2,000 inmates and staff, totaling more than 6,000 meals per day.
- Features include a loading dock, a food staging area, freezer and cooler space, and office space for the vocational foods and food production areas.
- Provides a more substantial food preparation area, classroom space and a dining area for the vocational foods program.
- Constructed for the State of Wisconsin Department of Corrections.
